

SANDCASTLE

Achieve the classic appeal of brand new eastern white cedar shingles. Sandcastle looks stunning on full walls and entire homes, and can also be used to brighten and accentuate architectural details such as gable ends. Its simple beauty will last for the life of the home.

ATLANTICA

Capture the silvery gray tones reminiscent of bleached cedar shingles typically seen in northern coastal regions. Atlantica is the perfect way to replicate the charm of a seaside beach house.

HATTERAS

Replicate the deeper gray shakes commonly found in southern coastal regions. Hatteras is an excellent choice to replicate the appeal of a classic seaside retreat.

PACIFICA

Get the look of freshly cut western red cedar. Combines beautifully with earthy, natural tones, and is a natural for all homes - from the coast, to the lakefront, and the mountains. Its deep rich blend makes it a bold statement that stays looking like the day it was installed.
